Apollo & Me (A HTTYD & SoD Fic)

It was a normal morning in berk I woke up to the sound of banging on the roof and I thought it was a dragon I could tame, sadly it wasnt I loved dragons I always loved them and when berk was kill or be killed I didn't like killing dragons either still I wondered what that noise was and where it was coming on I dressed myself in my normalday wear put on my wooly coat and went outside I usually went into the forest where I would sketch I kind of liked sketching I always found it fascinating I went down into the forest to a creek in the woods I sketched my surroundings with complete concentration but.. One thing caught my eye As I heard cackling I went further down untill I could get a glimpse of it. It looked like a purple rock with.. sparks?! coming off of it I was astonished and I sketched it untill I saw it moved I finnaly realised this was a dragon egg I quickly picked it up It was quite heavy but that didn't stop me I ran to Hiccup and showed him the egg "What is this Saphire?" he said with a shocked eyeballing look "Um.. well I think its a dragon egg it was moving and its has sparks coming off of it!" I replied excitedly "Hmm.. Why dont I keep this in the hatchery under supervision untill it's finnaly hatched?" He asked I quickly replied with a "YES!" I really cared for this egg and I was hoping the dragon in it could one day be mine..."
